Case Number: 2024-0021

Final report now available: IIU concludes investigation into motorcycle accident involving Winnipeg Police Service

On April 2, the Independent Investigation Unit (IIU) issued a media release advising it had concluded its investigation into an attempted traffic stop that ended after a motorcycle fled from police and then struck a vehicle. The adult male driver attempted to flee the scene of the collision and was apprehended after a brief use-of-force encounter. The male suffered several bruises, lacerations and a fractured right leg.

The final report of the IIU was not released as the affected person had charges pending before the courts as a result of the incident. Those charges have now been disposed and the IIU final report is now available on the IIU's website. The details of this investigation were first announced on April 9, 2024.
